What fees are associated with paying online?

Billing · https://celebratecommunities.com/faq/what-fees-are-associated-with-paying-online/

When you set up your account online, our system will clearly notify you of any fees associated with your chosen payment method.

For the most convenient and affordable option, we recommend **Auto ACH payments**, which incur **no convenience fees**. Other payment methods, including bank account, cash pay, and credit card options, will have small convenience fees.
